Frisco, Texas 75035

Dear Mrs. Wooten,

I would really like to thank you for giving me the opportunity to interview for the third grade teaching position within the Frisco Independent School District. I truly appreciate this chance you have given me and you describing third grade as one of the most challenging, yet rewarding grades to teach. I know that any teacher who has the honor to teach this grade level will experience seeing a transition from an elementary student to a middle schooler and impact our future generation.

My appreciation and desire to continue on the pathway of becoming an educator increased greatly during this interview, and I have no doubt that my personal experiences and education practices exceed the expectations and requirements needed for the position of a third grade reading and social studies teacher. As you remember from our discussion, my student teaching experiences at Ibell Elementary school in Frisco, Texas and my personal volunteer experiences have both given me the the skills and understanding to fulfill the increasing demands of the position. I am positive that I will be a great contribution to your team and to your students.

I would like to restate my high interest in this position and collaborating with you and your staff. Please feel free to contact me at (469)215-8741 so I can provide you with any additional information. Again, thank you for your time and consideration, and I look forward to hearing from you soon.

Sincerely,

Rachel Friesenhahn
